

Honoring our people

Jama Webb

Park 48 Needles

Hired in 1998

Jama was born in Bloomington, Indiana and has lived there all of her life. She attended Marlin Elementary, University Middle School, and Bloomington High School North.

She now resides south of town on Koontz Road and has been there for 26 years. She worked at Taco Tico, Bonanza, Lowell's Grocery Store, Marsh Grocery Store, and Webb-N-Weiner Daycare before joining Cook.

Jama started out doing hole punches at the Ellettsville West plant. She later moved to the Ellettsville North plant and then ended up at Park 48 in Needles. She currently has 14 years of perfect attendance. Her daughter, **Joni Otowo**, her aunts, **Sally Demoss**, **Misty McLain**, and **Darlene Browning**, and her niece, **Susan Koontz**, have all worked at Cook.

Jama has been married to **Albert Webb** for 28 years. They have five children and 10 grandchildren. She loves going shopping, taking walks, and trying new places to eat.

"I love being around people and meeting new friends. I like my job very much. It is interesting to see how all of the products work and how they help people. Thank you for all of the amazing years at Cook."

Stacy Ivey

Park 48 Roadrunner Wireguides supervisor

Hired in 1998

Stacy was born in Bloomington, Indiana and grew up in Eastern Greene County, Indiana. She graduated from Eastern Greene High School in 1995 and briefly attended IUPUI. She recently moved to Odon, Indiana.

Stacy began her Cook career in Material Prep. She then moved to Small Wire Guides and later to Roadrunner Wire Guides, where she has been a supervisor for four years. She currently has nine years of perfect attendance.

Outside of work, Stacy enjoys playing volleyball on a regular basis. Her fiancé coaches high school basketball, so she spends her winter in the gym cheering on his team, the Loogootee Lions.

"I have made many friends during my time at Cook. I can't imagine my life without them. We have become family."

Nicky James

Senior vice president and chief Human Resources officer

Hired in 1998

Nicky was born in Cardiff, South Wales, UK, but at the age of four, she moved to Kent in England, UK. She trained to be a nurse at The Royal London Hospital, Whitechapel, London. Before her time at Cook, Nicky was senior sister at a fertility center in the UK, where Cook was one of her suppliers. She has lived in Zionsville, Indiana with her husband Duane and their two dogs, Auggie and Bo, for the last five years, having previously lived in Bloomington, Indiana.

Nicky started in the Urology specialty as a sales rep. She became the regional manager of Northern Europe two years later. In 2006, she moved to the US as global product manager for Urology. She then held the North American Sales manager position before becoming the vice president, Global Business Unit leader for Urology, following Jerry French's retirement. After that, Nicky joined the Peripheral Intervention (PI) specialty as vice president of Global Sales to help build the team and launch Zilver PTX. Three years later, she was named Aortic Intervention (AI) vice president, Global Business Unit leader. Four years ago, she joined HR and is now the senior vice president, chief Human Resources officer for Cook Group and Cook Medical.

During her time away from work, Nicky focuses on her family, spending time with her stepsons and hiking with her dogs. She loves to cook and entertain, and fancies herself as an amateur mixologist and can be found creating cocktails for friends. She also takes time for self-care, working out, eating healthily, and taking the time to relax.

"I've had so many great experiences over the last 24 years. I love the people I get to work with around the world. The fact that I have been lucky enough to work for Cook on two continents is amazing. It enabled me to meet my husband and stepsons, so I am eternally grateful. I also love the fact that this is a company that if you work hard, do well at what you do now, and offer to help or fix something, you will have a lot of opportunity, as you can see from my career history and the history of many others at Cook. Your career doesn't have to be a straight line! The fact that all of this gets to impact patients that could be you, me, or our family members is truly the icing on the cake."
